

29 April 1985

NOTE FOR: C/NIC

FROM: DCI

SUBJECT: NIC Threat Outlook

Bob:

In your absence and in the furor of the Contra fight, getting off to Pittsburgh, and what not, this draft threat outlook language stayed on my desk. Since everybody will be leaving town this week, I think we can have the threat outlook prepared for their return week after next, when I too will be back here.

William J. Casey
